## **Methodological Notes**

### **Disclosure by Tillotts Pharma of payments to Irish healthcare professionals and healthcare organisations in 2015**

The IPHA code on disclosure of transfers of value from companies to healthcare professionals and healthcare organisations mandates the public disclosure in 2016 of certain transfers of value made during 2015 to Irish healthcare professionals and healthcare organisations. The disclosure data will be published on the website of Tillotts Pharma, [www.tillotts.com](http://www.tillotts.com), with a link to such website published on a central platform, hosted by the IPHA. The IPHA disclosure requirements are set forth in Annex V to the Code of Practice for the Pharmaceutical Industry.

The methodological notes below explain the data Tillotts Pharma have disclosed and how the data have been prepared, to assist the reader's understanding. Inclusion of this methodological note alongside the disclosure data is also mandated by Section 4.5 of Annex V to the IPHA Code.

#### **VAT**

VAT is excluded from all disclosures of transfer of value.

#### **Currency**

All disclosures are made in Euros (€). Where the original payment was made in another currency, the sum was converted to Euros at the exchange rate prevailing at the time of the original payment.

#### **Consolidated Disclosures of the Corporate Group and Cross-border Payments**

The disclosures represent the consolidated transfers of value made by the Tillotts Pharma corporate group in line with the EFPIA Disclosure Code's dictate that separate entities belonging to the same multinational company (which could be the parent company and subsidiary company) shall be deemed to constitute a single company. The disclosures represent payments by Tillotts Pharma Limited and Tillotts Pharma AG, of which Tillotts Pharma Limited is a wholly owned subsidiary. These methodology notes apply equally to the disclosures made by Tillotts Pharma AG and Tillotts Pharma Limited.

#### **Multi-year contracts**

Where multi-year contracts are included in the disclosure of transfer of value made by Tillotts Pharma in 2015, the disclosures related to these multi-year contracts represent the services rendered and the payments made in calendar year 2015 under such contracts.

#### **Aggregated Data**

Where permission to disclose transfers of value has been refused by individual healthcare professionals, or where permission was granted but then later revoked, all transfers of value made to them are disclosed in an aggregated fashion. Where there are valid legal reasons, such as an agreement not to disclose trade secrets, the relevant transfers of value to an individual healthcare organisation are disclosed in an aggregated fashion.

The data disclosed by Tillotts Pharma is consistent with the requirements of the IPHA Code. The data can be categorised as follows:
