Methodological Notes

Disclosure by Tillotts Pharma of payments to Italian healthcare professionals and healthcare organisations in 2017

The Farmindustria Code on disclosure of transfers of value from companies to healthcare professionals and healthcare organisations mandates the public disclosure in 2018 of certain transfers of value made during 2017 to Italian healthcare professionals and healthcare organisations. The disclosure data will be published on the website of Tillotts Pharma, www.tillotts.com. The Farmindustria disclosure requirements are set forth in Section 5 of the Code of Conduct for the Pharmaceutical Industry.

The methodological notes below explain the data Tillotts Pharma has disclosed and how the data has been prepared, to assist the reader's understanding. Inclusion of this methodological note alongside the disclosure data is also mandated by Paragraph 5.10 of Section 5 to the Farmindustria Code.

VAT

VAT is excluded from all disclosures of transfer of value.

Currency

All disclosures are made in Euros (€). Where the original payment was made in another currency, the sum was converted to Euros based on the average annual exchange rate published by the European Central bank (www.ecb.europa.eu).

Consolidated Disclosures of the Corporate Group and Cross-border Payments

The disclosures represent the consolidated transfers of value made by the Tillotts Pharma corporate group in line with the EFPIA Disclosure Code's dictate that separate entities belonging to the same multinational company (which could be the parent company and subsidiary company) shall be deemed to constitute a single company. The 2017 disclosures represent payments by Tillotts Pharma AG.

Aggregated Data

Where permission to disclose transfers of value has been refused by individual healthcare professionals, or where permission was granted but then later revoked, all transfers of value made to them are disclosed in an aggregated fashion.

Data included

The data disclosed by Tillotts Pharma is consistent with the requirements of the Farmindustria Code. The data can be categorised as follows:

Payment of consultants who provide services to Tillotts

Disclosed data includes the payment of honoraria to Italian healthcare professionals who provided services to Tillotts during 2017. Where applicable, the disclosure data also includes payment of reasonable expenses to such consultants in the delivery of their services, such as travel expenses or accommodation expenses. In one case where the honorarium was invoiced and paid in 2018, only reasonable expenses are disclosed in 2017, while the honorarium will be disclosed the following calendar year.
