Methodological Notes

Disclosure by Tillotts Pharma of payments to UK health professionals, other relevant decision makers, and health care organisations in 2021

The ABPI Code of Practice mandates the public disclosure in 2022 of certain transfers of value made during 2021 to UK health professionals, other relevant decision makers, and health care organisations. Where permission to disclose transfers of value is refused by individual health professionals or other relevant decision makers, the transfer of value made to them is disclosed in an aggregated fashion. The disclosure data is published on a central platform, hosted by the ABPI and made available to anyone who requests access.
