# Asacol™ (mesalazine)

Developed by Tillotts, with a strong legacy of more than 30 years in treating patients with ulcerative colitis

## ABOUT

First-line treatment for mild to moderate ulcerative colitis in adults and children as from age 6

## AVAILABILITY

Tillotts' Asacol is available in tablets in 400, 800 and 1600mg strengths as well as enemas and suppositories<sup>1,2</sup>

Asacol 1600mg is the highest strength mesalazine tablet available on the market, allowing for once daily dosing with one tablet

Asacol 1g suppositories have been launched in February 2021. Tillotts offers a new patient-centric treatment with one single dose a day.

## MARKET

Asacol is value market leader in most affiliates within the mesalazine tablet market<sup>3</sup>

Market share of 11.8% worldwide in 2020 (ex. U.S., in volumes)

The trademark Asacol™ is registered in over 100 countries

# Entocort™

Budesonide

Entocort™  
budesonide

Anti-inflammatory agent  
and locally acting  
glucocorticosteroid

## ABOUT

First-line treatment of mild to moderate ileocaecal Crohn's disease and microscopic colitis (capsules) and second-line for ulcerative colitis (enemas)

Only budesonide to have both forms of microscopic colitis on-label:  
**lymphocytic colitis and collagenous colitis**

## AVAILABILITY

Tillotts' Entocort is available in two formulations: capsule and enema

## MARKETS

Entocort™ is available under different brand names in over 40 markets world-wide, hereunder Europe, Japan, Canada, Middle East and Latin America

# DIFICLIR™

Fidaxomicin

Patent-protected until 2027, fidaxomicin has targeted bacteriocidal activity against *C.difficile*, and is available as a convenient twice daily dosing regime<sup>1</sup>.

## ABOUT

DIFICLIR™ is a macrocyclic anti-bacterial agent, indicated for the treatment of *Clostridioides difficile* infections (CDI) also known as *C.difficile*-associated diarrhoea (CDAD) in adult and paediatric patients with a body weight of at least 12.5 kg

## AVAILABILITY

DIFICLIR™ tablets and granules are registered in 32 and 31 countries in Europe, Middle East and Africa respectively. DIFICLIR™ is available as film coated tablets and has gained approval of granules for oral suspension.

## KEY FACTS

- DIFICLIR™ is well tolerated being minimally absorbed in the gut
- Offering a narrow spectrum of activity
- Inhibiting spore production in vitro<sup>2</sup>

1) DIFICLIR SmPC

2) Aldape 2017: Fidaxomicin reduces early toxin A and B production and sporulation in *Clostridium difficile* in vitro

# Colpermin™

Peppermint oil

Developed and  
manufactured by Tillotts

Originally launched in  
1981 in the UK as a  
prescription product,  
now OTC in most  
countries

## ABOUT

Peppermint oil based treatment for painful bowel cramps  
and bloating in irritable bowel syndrome

## AVAILABILITY

Distributed in around 20 countries

## KEY FACTS

- Dual mode of action (antispasmodic and carminative)
- Intelligent galenics (targeted and prolonged release with disintegration at pH 6.8, hydrophobic gel matrix, low systemic absorption)
- Excellent safety profile

**FOR MORE INFO: VISIT [WWW.COLPERMIN.EU](http://WWW.COLPERMIN.EU)**

# VistaPrep™

Polyethylene glycol (PEG)

## VistaPrep™

Powder for oral solution

VistaPrep™ is a polyethylene glycol (PEG) based powder for preparing a solution indicated for bowel cleansing in preparation for a colonoscopy

### ABOUT

With over 50,000 patient applications since launch in 2017, VistaPrep™ has been well received by patients for being sulphate free with citrus flavor, thereby enhancing patient compliance

### AVAILABILITY

VistaPrep™, a powder to prepare a three to four liter solution for bowel cleansing, is available in split dosing in Germany, Sweden, Finland, Ireland, Czech Republic, and the United Kingdom

- 6. Stakeholders:** Close collaboration with healthcare professionals, patients, payers, shareholders & investors. Effective collaboration with authorities. Always following **strict ethical guidelines.**
- 7. Technology:** **Innovative** communication, production-supply-distribution, process management and R&D technologies.

# Tillotts' Vision 2030

# Working at Tillotts

---

OUR COMMITMENT TO OUR PEOPLE

We treat our employees and business partners with **fairness and respect, rewarding loyalty, honesty, entrepreneurship and outstanding performance.**

# Our Values

The guiding principles of our internal conduct, our values provide the basis for cooperation with our customers, partners, employees and stakeholders. They serve as a compass for our actions and describe how we behave in business.

## Our Leadership Principles

The 12 Leadership Principles provide the foundation for how we wish to guide and motivate our employees. The management in collaboration with the Human Resources Department inspired them. Serving as compass for both line managers and employees, they should provide orientation and transparency for all. Putting them into practice will shape a healthy and safe working environment.

TILLOTTS EMPLOYEES ARE

Making a difference to GI patients worldwide

Contributing to the strong and ambitious company

Valuable members of a future-focused healthcare company

Part of an international organization with a network of affiliates

**Andreas T.,**  
Manager Manufacturing, Science and Technology

I very much enjoy working at Tillotts. I really like the varied production environment where teamwork is a top priority. We help each other not only in our own team but also across departments. Here we all pull together to achieve high performance as a company. The management relies on the trust of the employees and rewards good performance with great ideas.

**Lei W.,**  
Manager Market Access

I like working for Tillotts for various reasons. First, the modern offices and work-environment enable us to work efficiently and cover our individual needs. The open-minded and multicultural colleagues build a supportive network, where each voice is being heard. Last but not least, a diversity of tasks and projects makes daily work-life very versatile.

**Marcia C.,**  
Team Lead IT Project Management

For a small company, Tillotts is big on diversity. There are employees from over 20 countries currently working at Tillotts. That is impressive. I enjoy working here and I have noticed that all employees possess and strive to live the Tillotts core values each day. Everyone does their best and is committed to Tillotts' success by collaborating well with others to achieve common goals. Tillotts provides an entrepreneurial environment that enables its employees to grow and achieve global and individual success.

**Thomas A. Tóth von Kiskér**  
CEO

As the CEO of a mid-size pharmaceutical company, it is my responsibility to create a company that is competitive, resilient and innovative, allowing us to successfully navigate in a complex and constantly changing environment.

In order to achieve this, we rely on being able to acquire, develop and retain dedicated and highly-skilled professionals, who work passionately together. We are doing this by offering our employees a climate of responsibility, accountability and respect where every employee has the opportunity to excel and develop to their full potential.

One of my main tasks as CEO is to ensure that everyone knows their role and how they contribute to the success of the company. Together with our top management, we develop strategies and communicate these to our employees so that everyone understands the long term goal of the company.

With over 300 dedicated and committed employees in Switzerland and abroad, I am confident that we will be able to reach our goals step by step and meet the expectations of our stakeholders because... whatever we do... **we do it with passion!**

*GI-health is our passion™*
