## **Methodological Notes**

### **Disclosure by Tillotts Pharma of payments to Swiss healthcare professionals and healthcare organisations in 2024**

The Code of conduct of the pharmaceutical industry in Switzerland on cooperation with healthcare professional circles and patient organizations (Pharma Cooperation Code) mandates the public disclosure in 2025 of certain transfers of value made during 2024 to Swiss healthcare professionals and healthcare organisations. The disclosure data will be published on the website of Tillotts Pharma, [www.tillotts.com](http://www.tillotts.com).

The disclosure requirements are set forth in Section 2 of the Pharma Cooperation Code. The methodological notes below explain the data Tillotts Pharma have disclosed and how the data have been prepared, to assist the reader's understanding. Inclusion of these methodological notes alongside the disclosure data is mandated by Articles 281 – 282 of the Pharma Cooperation Code.

### **VAT**

### **Consolidated Disclosures of the Corporate Group and Cross-border Payments**

The disclosures represent the consolidated transfers of value made by the Tillotts Pharma corporate group in line with the EFPIA Disclosure Code's dictate that separate entities belonging to the same multinational company (which could be the parent company and subsidiary company) shall be deemed to constitute a single company. In 2025, all transfers of value represent payments made by Tillotts Pharma AG.

### **Multi-year contracts**

As a general rule, where multi-year contracts are included in the disclosure of transfer of value made by Tillotts Pharma in 2024, the disclosures related to these multi-year contracts represent the services rendered and paid for in 2024, and/or any expenses incurred and paid for in 2024, in each case under such contracts.

In countries where it is required by applicable data protection laws, Tillotts has taken all reasonable steps to obtain consents from the HCPs, and HCOs, as applicable, to publicly disclose payments and

other transfers of value. In accordance with EFPIA guidance, partial consents are not acceptable. If consent is not provided, the data will be reported on an aggregate level only.
